

Using Faith to Overcome Obstacles – David Osmond

David Osmond, the nephew of Donny and Marie, has been involved with music his whole life. He began performing at the age of four. He has made appearances on several major networks and shows, including *Oprah*.

This talented musician was forced to put music on hold for several years due to a physical battle with Multiple Sclerosis.

Improvements in his health have now allowed him to place his focus back on music, and he recently finished writing and recording a solo album.

David will talk about overcoming obstacles while maintaining faith in our Heavenly Father, using examples from his life, his family, and his struggles with multiple sclerosis.

Anything is Possible... in Eternity – Richard Eyre

For nearly twenty years, Richard Eyre and his wife Linda have been among the most prominent and popular speakers in the world on the topics of parenting, life-balance, and family strengthening. He is a frequent guest on national shows like *Oprah*, *the CBS Early Show*, *60 Minutes* and *Good Morning America*.

He and his wife are published authors and have a New York Times #1 bestseller. Richard is known for the interactive and entertaining nature of his presentations, and tailors his talks to the interests and needs of his audience.

Richard will speak to us on the potential and power we each have to achieve and succeed with the Lord's help. As the father of nine children he has a lot of parenting experience and will also teach our workshop on single parenting.

Richard is a Harvard MBA, president of his own management consulting company and a ranked senior tennis player. He was a mission president in London, and former director of the White House Conference on Parents and Children.

JESUS CHRIST
OF LATTER-DAY SAINTS

A Glance at Anything is Possible...

The Cache Singles conference this year is designed to be a fun-filled feast of social activities and spiritual enlightenment.

We'll start our conference Thursday evening with some fascinating insights about the temple, followed by a session at the Logan Temple. Patriarch John Slater will be our guest speaker.

On Friday we'll enjoy a good old-fashioned milk can dinner with a show stopping performance by the Cache Valley Square Dance Club. We'll then kick up our heels and do some square dancing ourselves.

Saturday we are fortunate to have both David Osmond and Richard Eyre as guest speakers. They'll delight us with their entertaining styles and uplift us spiritually. You might just come away thinking that truly, *Anything is Possible*.

Throughout the day, you'll have the opportunity to assist in a humanitarian project, be educated in a workshop, and find solutions for your every-day needs at one of our many information booths—whose topics range from European nymph fishing to household cleaning tips.

Later in the evening, we'll explore the magnificent night sky and then dance the night away to the music of the Wasatch Back Band.

Sunday will conclude our inspiring conference with a talk by Elder Larry W. Gibbons. We hope you'll join us at this potentially life-changing event. After all, *Anything is Possible*. Go ahead, take the plunge and send in your registration form today! We'll be glad you did.

Elder Larry W. Gibbons

Elder Larry W. Gibbons currently serves as a member of the Second Quorum of the Seventy. He has spent the last three years serving in the Area Presidency of the Europe East Area, in Moscow, Russia. Elder Gibbons studied history at Stanford, earned his medical degree from the U of U, and a master of public health degree from Harvard. Elder Gibbons was a practicing physician and president of a medical clinic before his call to full-time church service. Larry Wayne Gibbons was born in Logan, Utah. He married LaDawn Anderson in 1967. They are the parents of two children and have four grandchildren.
